Reference:	TI 04-71e Rev.A	**Total Pages:**	1
Product(s):	Livingstation LS47P2/LS57P2		
Subject:	Livingstation LS47P2/LS57P2 Remote Controller STB programming code		

Description:
This is to inform you of the two available remote controller part numbers for the LS47P2/LS57P2 televisions and the programming code used. This bulletin also includes a correction to page 40 of the Livingstation User's Guide.

Information:
There are two different ATSC/NTSC tuners (LSDT1 or LSDT2) that ship with the LS47P2/LS57P2. The TV remote comes pre-programmed to operate both the TV and the supplied tuner by moving the switch at the top of the TV remote to the STB1 position.

Description	Part Number	Notes
Remote Controller	1294604	Programmed for the LSDT1 tuner
Remote Controller	1299343	Programmed for the LSDT2 tuner and the LSDT1 tuner (default: LSDT2 tuner)

Each remote controller uses programming codes to configure it to the devices it can control. The Remote Controller, part number 1294604, operates the LSDT1 tuner. The programming code for this remote controller and tuner combination is 101.
The Remote Controller, part number 1299343, operates the LSDT2 tuner. You can also program this remote controller to operate the LSDT1 tuner. To use this remote controller with the LSDT2 tuner, the programming code is 101 (default). The code to use this remote controller with the LSDT1 tuner is 155.

How to distinguish between the two kinds of remote controllers:
There is a 9 digit product code number located on backside of the TV remote controller.

Part number 1294604 has a product code label 129460400

Part number 1299343 has a product code label 129934300

Correction in Livingstation LS47P2/LS57P2 User's Guide:
"Voom" is not supported as shown on page 40 under "DirecTV receiver programming codes."
